

-2019 Opioid Response Summit Agenda -

Wednesday, August 14, 2019

Time/Room	Plenary Sessions	Speaker(s)/Presenter(s)	
8:00 am-9:00 am	Check-in/Registration/Breakfast		
9:00 am-9:15 am	Welcome and Overview	The Honorable Steve Sisolak Governor State of Nevada	
Florentine A-C			
9:15 am-10:00 am	State of the State- Where are we now, where are we headed? This will re-orient Summit participants to the scope of the opioid issues in Nevada. The comprehensive panel discussion will include an overview of opioid and other substance abuse related issues as they exist in Nevada today. Panelists will review data, discuss changes in prescribing rates and practices, fatal and non-fatal overdose data, changes and progress made in the State's treatment infrastructure.	Keith Carter Director Nevada High Intensity Drug Trafficking Area (HIDTA) Program Yenh Long, PharmD, BCACP Program Administrator Nevada State Board of Pharmacy	Stephanie Woodard, PsyD Senior Advisor on Behavioral Health Division of Public and Behavioral Health Department of Health and Human Services
Room: Florentine A-C			
10:00 am-10:15 am	BREAK		
Time/Room	DAY 1 BREAKOUT SESSIONS #1	Speaker(s)/Presenter(s)	
10:15 am-11:30 am	Opioid and Criminal Justice Reentry Individuals with Opioid Use Disorder are at high risk for relapse and overdose after returning to the community after incarceration. During this session panelists will discuss strategies for reentry and reintegration into the community. Discussion will include treatment, recovery support services, discharge planning, and reentry into the workforce.	Dona Dmitrovic, MA Executive Director Foundation for Recovery Denise L. Everett, MA, MFT, LCADC-S Executive Director Ridge House Robyn Feese, MA, LCADC, CPC, NCC Substance Abuse Administrator Nevada Department of Corrections	John Ponder Executive Director Hope for Prisoners Patrick Quackenboss Officer of Parole and Probation Nevada Department of Public Safety
Room: Florentine E			
10:15 am-11:30 am	Investigating the Data, Emerging Trends in Overdose Death Panelists will discuss emerging trends related to stimulants and opioid overdose. Participants will understand factors related to methamphetamine use as a risk factor for opioid overdose, and potential prevention, harm reduction, and treatment implications for unidentified opioid exposure.	Kathryn Barker, MPH Senior Epidemiologist Southern Nevada Health District Keith Carter Director Nevada, High Intensity Drug Trafficking Area Program	Chelsi Cheatom Program Manager TrackB Exchange
Room: Florentine A-C			

10:15 am-11:30 am	OpenBeds Demonstration	Steve Carroll	Rachelle Pellissier, MPA
Room: Tuscany	In 2018 the Division of Public and Behavioral Health received grant funding from the Centers for Disease Control and Prevention (CDC) which is being used to implement the OpenBeds Network in Nevada. OpenBeds is an electronic treatment bed registry that will create a behavioral health referral network in the State of Nevada. The system allows for electronic referral from a hospital or office-based setting to a treatment provider. This session will include a demonstration of the OpenBeds system and discussion for the State’s implementation plans and priorities.	Vice President for Business Development OpenBeds, Inc	Executive Director Crisis Support Services in Nevada Crisis Call Center – Sexual Assault Support Services
10:15 am-11:30 am	Strategies for Integration	Lesley Dickson, MD, FAPM	Danica Pierce, LCSW, CFLE
Room: Siena	Panelists will discuss strategies and best practices for treatment of substance use disorders in primary care and other settings.	Medical Director Center for Behavioral Health	Program Coordinator Medication Assisted Treatment Northern Nevada HOPES
		George Kaiser, MD Veterans Administration Hospital	Amanda Tinkleman, MD Medical Director, Community Counseling Services of West Nassau, Psychiatrist, Perinatal Program, Zucker Hillside Hospital, Northwell Health, Assistant Professor of Psychiatry, Zucker School of Medicine at Hofstra, Northwell
		Farzad Kamyar, MD, MBA Director of Collaborative Care High Risk Pregnancy Center, Las Vegas	
Time/Room	DAY 1 BREAKOUT SESSIONS #2	Speaker(s)/Presenter(s)	
11:45 am-1:00 pm	Syringe Service in the Continuum of Care	Chelsi Cheatom	Danica Pierce, LCSW, CFLE
Room: Siena	Injection drug use is a risk factor for exposure to certain blood borne infections, including HIV and Hepatitis C (HCV). In 2016 the Centers for Disease Control and Prevention (CDC) released a county level risk assessment that found two Nevada counties at risk for spikes in HIV and HCV transmission in people who inject drugs. Panelists will discuss the integration of HIV and HCV prevention, screening and treatment with opioid use disorder screening and treatment.	Program Manager Trac-B Exchange Harm Reduction Center Las Vegas	Program Coordinator Medication Assisted Treatment Northern Nevada HOPES
		Jenny Gratzke, MPH Disease Investigator and Intervention Specialist	

11:45 am-1:00 pm Room: Florentine A-C	Community Based Responses: Best Practices for Peer Support Services Panelists will discuss the scope of work for peers in various settings. Participants will gain a better understanding of the roles and opportunities created through peer support services.	Will Allphin Director of Programs Foundation for Recovery Dona Dmitrovic, MA Executive Director Foundation for Recovery	Krista Hales, MS Integrated Opioid Treatment and Recovery Center (IOTRC) Director Center for Behavioral Health
11:45 am-1:00 pm Room: Tuscany	Pain Management in General Medical Settings: Best Practice Strategies Panelists will discuss pain management in a general medical setting, and participants will gain a better understanding of best practices.	Daniel Burkhead, MD Innovative Pain Care Center President, Clark County Medical Society Michael Lewandowski, PhD Clinical Associate Professor School of Medicine, Dept. of Psychiatry, University of Nevada	Denis Patterson, DO Nevada Advanced Pain Specialists
11:45 am-1:00 pm Room: Florentine E	Public Health, Law Enforcement and their Data Intersections Panelists will discuss the impact of lethal drugs on the public health system. Discussion will focus on public health and law enforcement data sharing to drive public health, treatment, and public safety decision making. Panelists will discuss tools like Overdose Detection Mapping Application Program (ODMAP) and resources within Nevada’s two fusion centers. Participants will gain a better understanding of existing partnerships and collaborations as well as opportunities in the area of data sharing. Plenary Session

Room: Florentine A-C

Special Presentation: Prescription for Hope – Emmy Award Winning Nevada Documentary

In 2017, the Department of Health and Human Services partnered with the Nevada Broadcasters Association to produce an opioid abuse awareness documentary. "Prescription for Hope: Overcoming Nevada's Opioid Addiction," features stories of people statewide who have struggled with opioid abuse or have seen loved ones battle or die from addiction. In June 2019 the film was awarded a regional Emmy® for the Pacific Southwest Chapter. This session is a special screening of the 30-minute documentary and a facilitated panel discussion with the producers and individuals who shared their stories in the documentary.
