PUBLIC HEALTH CANNABIS AND VAPING SUMMIT

For More Information, <http://www.nphf.org/nv-cannabis-vaping-summit-2021/>. Registration opens October 15, 2020

The Nevada Department of Health and Human Services (DHHS), Division of Public and Behavioral Health (DPBH), in partnership with the Nevada Attorney General's Office, is hosting a 3-day virtual summit to identify Nevada's priorities and strategies related to legal adult use, public safety, regulation, prevention, treatment, and oversight of cannabis and vaping products.

Data will be presented, and discussions held, around prevention, treatment, law enforcement/public safety, and regulation for both cannabis and vaping. Presentations and panels on days one and two will focus on the current state of the research and explore emerging and established best practices, preparing attendees to participate in Action Planning workshops on day three.

SUMMIT OBJECTIVES

- ❖ Gain a better understanding of national and Nevada trends in data
- ❖ Learn what/how data and implementation in other states should inform strategies
- ❖ Identify effective, audience-specific public health messaging
- ❖ Understand how to strengthen regulations informed by national and state lessons learned
- ❖ Learn what national consensus organizations and other states recommend related to use of cannabis by pregnant women, youth, and persons with opioid use disorder
- ❖ Identify best practices for prevention and treatment for use of cannabis and nicotine products

WHO SHOULD ATTEND

- ❖ Healthcare Providers & Public Health Officials
- ❖ Substance Use & Treatment Providers
- ❖ School Districts
- ❖ Youth Organizations
- ❖ Regulatory Agencies
- ❖ Law Enforcement & Public Safety Professionals
- ❖ Policy Makers & Legislators
- ❖ Prevention Coalition Partners
- ❖ Members of the Public

This Summit is made possible through funding provided by the Division of Public and Behavioral Health, Bureau of Behavioral Health, Wellness and Prevention.
